

SAFE (Simple Agreement for Future Equity)

Friends & Family Round – Voxe

This SAFE (this “Agreement”) is made as of March 2, 2026 (the “Effective Date”) by and between:

- **[Investor Name]**, an individual (the “Investor”), and
- **MCP4 Voxe**, a Texas corporation (the “Company”).

The Company and the Investor agree as follows:1. Purchase and Pool Mechanics

1.1 Purchase Amount.

The Investor is investing US \$[Investment Amount] (the “Purchase Amount”) in the Company on the terms set out in this Agreement.

1.2 Friends & Family Pool.

This SAFE is part of a limited friends & family round in which:

- The Company will accept up to an aggregate of US \$25,000 in SAFE investments (the “Pool Amount”).
- The SAFE investors in this pool will collectively be entitled to receive equity representing 10% of the Company’s fully diluted equity, as described in Section 3 (the “Pool Equity”).

1.3 Pro Rata Share of Pool Equity.

The Investor’s economic interest in the Pool Equity is determined pro rata based on the Investor’s Purchase Amount relative to the total Pool Amount actually subscribed. The exact number of shares and percentage ownership will be determined at the time of conversion under Section 3, according to this Agreement and the Company’s capitalization at that time.2. Nature of this SAFE

2.1 Not a Loan.

This SAFE is not a loan. It does not accrue interest and does not have a fixed maturity date.

2.2 Future Equity Right.

In exchange for the Purchase Amount, the Investor receives the right to be issued equity in the Company in the future upon the occurrence of certain events, primarily an Equity Financing (defined below), subject to the terms of this Agreement.

2.3 No Present Ownership Rights.

Until this SAFE converts into equity pursuant to Section 3, the Investor does not have shareholder voting rights, dividend rights, or other rights of a stockholder of the Company, except as expressly set out in this Agreement.3. Conversion upon Equity Financing

3.1 Equity Financing Defined.

An “Equity Financing” means a bona fide transaction or series of transactions in which the Company issues and sells shares of its capital stock (typically preferred stock) for cash, at a fixed pre-money valuation, to one or more outside investors, primarily for capital-raising purposes.

3.2 Pool Conversion Mechanics.

Upon the first Equity Financing after the Effective Date, immediately prior to the closing of such Equity Financing:

(a) Automatic Conversion. All outstanding friends & family SAFEs that are part of the Pool Amount (including this SAFE) will automatically convert into shares of the same series of capital stock issued in the Equity Financing (the “Financing Shares”).

(b) Collective Ownership. The number of Financing Shares issued to all friends & family SAFE investors in the pool (collectively) will be calculated such that, immediately after the Equity Financing, the holders of the friends & family SAFEs collectively own 10% of the Company’s fully diluted capitalization (including the Financing Shares and the shares issued in the Equity Financing), subject to customary exclusions or adjustments as determined in good faith by the Company’s Board of Directors.

(c) Investor’s Portion. The Investor’s portion of those Financing Shares will be determined pro rata based on the Investor’s Purchase Amount relative to the actual aggregate amount invested in the Pool Amount (i.e., all friends & family SAFEs that are part of this \$25,000 pool and that convert in that financing).

3.3 Documentation.

The Investor agrees to execute and deliver any documents reasonably required to effectuate the issuance of Financing Shares in connection with an Equity Financing, including any stock purchase agreements or investor rights agreements entered into by the other investors in such Equity Financing, provided that the Investor is treated in a manner that is not materially less favorable, in the aggregate, than other investors in the same class, taking into account the Investor’s investment size and stage.

4.1 Liquidity Event.

If, prior to the conversion of this SAFE under Section 3, there is a Liquidity Event (such as an acquisition of the Company, a merger, or a sale of substantially all of its assets), then, at the Company’s election and to the extent permitted by applicable law:

(a) Conversion. This SAFE will convert into a right to receive a portion of the transaction consideration allocated to equity holders, on terms designed in good faith by the Board of Directors to reflect the Investor’s economic interest in the Pool Equity at that time; or

(b) Repurchase. This SAFE will be repurchased by the Company for an amount equal to the Purchase Amount, payable in the same form of consideration (or mix of cash and securities) received by stockholders in the Liquidity Event, to the extent reasonably practicable.

4.2 Dissolution Event.

If, prior to conversion or repayment under this Section 4, the Company voluntarily or involuntarily liquidates, dissolves, or winds up its business (a “Dissolution Event”), then, if there

are assets legally available for distribution after payment of all senior obligations, the Company will pay the Investor an amount up to the Purchase Amount, on a pari passu basis with other SAFE holders, before any distribution to holders of common stock.⁵ Termination

This SAFE will terminate upon the earliest to occur of:

- (a) The issuance of shares to the Investor on conversion of this SAFE in accordance with Section 3.
- (b) The payment (or setting aside for payment) to the Investor of the amounts due under Section 4 in connection with a Liquidity Event or Dissolution Event.
- (c) A written agreement between the Company and the Investor to terminate this SAFE.

Termination does not affect any rights or obligations that have already accrued.⁶ Company Representations

The Company represents and warrants to the Investor that, as of the Effective Date:
